Profile Summary

Final-year Computer Science & Engineering student with practical experience in Full Stack Development using MERN stack, C#, REST APIs, authentication systems, and scalable web application architecture. Built real-world academic and safety-focused platforms with strong expertise in frontend-backend integration, database management, problem-solving, and modern software development practices. Seeking a Full Stack Engineer role to contribute through reliable development skills, scalable solutions, and continuous technical growth.

Education

Bachelor of Technology – Computer Science & Engineering	2022 – 2026
Sagar Institute of Science, Technology & Engineering, Bhopal, MP	CGPA: 7.90
Senior Secondary – State Board	2022
NMC English Hr. Sec. School, Banda, Sagar, MP	81.30%
High School – State Board	2020
NMC English Hr. Sec. School, Banda, Sagar, MP	95.30%

Technical Skills

- **Languages:** C ,JavaScript, C++, Java, C#
- **Frontend:** React.js, HTML5, CSS3, Redux, Responsive UI Development
- **Backend:** Node.js, Express.js, REST API Development
- **Database:** MongoDB, SQL
- **Core Concepts:** Data Structures & Algorithms, OOP, DBMS, Authentication
- **Tools:** Git, GitHub, Postman, VS Code

Projects

Projects

StudySync – Collaborative Learning Platform — MERN Stack [Live Demo](#) — [GitHub](#)

- Built a full-stack collaborative learning platform for students, teachers, and parents to improve academic preparation and progress tracking.
- Implemented authentication, role-based access control, REST APIs, dashboards, and structured database workflows.
- Developed frontend-backend integration with scalable modules for learning collaboration, performance monitoring, and real-time user engagement.

Women Safety Analysis System — MERN Stack, OpenCV, YOLO

- Developed a safety-focused web platform with SOS alert systems and real-time location-sharing functionality.
- Integrated OpenCV and YOLO-based monitoring concepts for enhanced analytical safety workflows.
- Managed frontend-backend integration, API testing, and modular system architecture.

Certifications & Trainings

- Database Management System – NPTEL (IIT Kharagpur), Feb 2025
- Cybersecurity Essentials & CCNA – Cisco Networking Academy, Apr 2025
- Workshop on Data Structures & Algorithms – MANIT Bhopal, Jul 2024

Leadership & Activities

- Cultural Coordinator, Student Activity Council
- Member, Institution Innovation Council (SISTec-R)

Professional Interests

Full Stack Development, Software Engineering, Scalable Web Applications, Open Source Contribution, Problem Solving
